

Market leader CTP wins " Warehouse Leasing Transaction of the Year" award

The cooperation agreement concluded between CTP Management Hungary Ltd. and JV Europe Plc. was selected as the "Warehouse Leasing Transaction of the Year". The prize was awarded at the Property Investment Forum.

The most unique and defining real estate projects and transactions of 2022 were awarded with the Portfolio Property Awards on 15th September. The event was organized by one of Hungary's most popular news portal, Portfolio, which is now presenting the prestigious awards on the real estate industry for the thirteenth time.

One of the deals concluded by CTP - the market leader real estate developer and manager - was also included in the market's most important results of the past twelve months. The agreement concluded with JV Europe Plc. was chosen as the "Warehouse Lease Transaction of the Year". The international manufacturing and export company, partner of CTP, and supplier of the Samsung factory, rented a 50,000 square meter industry hall in the area of CTPark Vecsés in order to merge its three former facilities in one location.

„It fills us with great pride that just like last year CTP Management Hungary Ltd. received the Portfolio Property Awards this year as well, which further strengthens the goal of our company: to be a leader in developing domestic industrial real estate with future-oriented and sustainable approach, which can be an example for others.” – said Ferenc Gondi dr., head of CTP in Hungary.
